# ABOUT THE COMPANY

I S Infrastructures is engaged in execution of civil engineering projects with specialization in construction of Sewage Treatment Plant, Water Treatment Plant, Buildings, Highway roads, bridges, mass earthwork & pipeline.

## OUR VALUE

We at I S Infrastructures are committed to providing world class solutions to civil engineering projects. We deliver innovative products, processes, and technologies that will drive results for customers for decades to come. Our team brings together first-hand experience & advanced technologies to solve all your infrastructural needs. Our aim is to provide the best service, with trust & honesty at the core of our values.

### Timely Delivery

We are committed to delivering projects in the stipulated time frame with best possible output. Our strong network of local business units & working closely with our customers ensures this promise.

### Safety

The safety of our employees and the traveling public is everyone's responsibility. We Plan safety into every aspect of our work and do not deviate from that plan. We Strive for zero accidents.

### Quality Assurance

Our team strives to deliver excellent quality in our construction through materials, planning & performance with all quality and safety compliances met & with post project follow ups & regular maintenance checks.

### Experienced Personnel

Our set of experienced personnel & our culture of teamwork allows us to work together within the Company, and with our customers to deliver better solutions and collectively accomplish our goals.

# MISSION & VISION

*What drives us towards our success & paves way for our future endeavours, with our eyes on the big picture.*

## OUR MISSION

To provide exceptional services to the construction industry, clients & the property owner. We are committed to providing the highest level of professionalism, service response, and quality workmanship.

## OUR VISION

Looking at the water scarcity issues, we want to focus more on STP/WTP, green initiatives with water recycling projects & building greenfield highways, as a helping hand in shaping the green future of this Country.

## OUR TEAM

We are a team of self motivated, talented & committed individuals who approach projects with keen intellect, that guides our business to deliver results and innovate.
